

FM Station 90.9 (K-LOVE) serves my family and me several different ways. It is my source of national news and weather for my drive to work. It is the same for my wife.

More importantly, it is broadcasting that is safe for my children. The lyrics to K-LOVE's programming are uplifting. MY wife and I don't have to worry that our kids would hear something obscene or even off-color. K-LOVE serves the entire Christian community of the northeast Kansas region with quality programming that is contemporary yet clean. There is no other station like this in our area.

We didn't have K-LOVE two years ago. If it is replaced by a LPFM station that is similar to every other radio station in town, it would be a great loss to our family.

K-LOVE serves our community with quality programming that is not available on any other station. It is in the best interest of our community to keep their broadcasting medium available.

Thank you for this opportunity to share my feelings.
